AirWavePRO – the most profitable AirCushion System

The AirWavePRO is the most innovative air cushion machine from Floeter. With numerous new features and even more speed, it impresses with outstanding reliability. Weighing just 5.8 kg, the AirWavePRO is just as compact and flexible to use as the other machines in the AirWave family. It supplies up to 4 workstations with proven air cushions or mats. All Floeter accessories are compatible. The newly designed display provides a better overview and user-friendliness.
