

THE CLIMATE PARTNER CERTIFIED AIRCUSHION FILM

ClimaFilm-50

With ClimaFilm-50 air cushions, you can achieve climate neutral transport protection for the safe shipping of your valuable goods. Suitable for all AirWave and AirBoy machines from Floeter.

www.floeter.com

ClimaFilm-50 ClimatePartner certified

ClimaFilm-50 air cushion film is made using 52% recycled content, most of which is collected post consumer plastic.

With the support of rainforest projects, we actively contribute all CO₂ from production and the raw materials. The combination of this results in a 100% compensation of the CO₂ footprint of Floeter ClimaFilm.

100% AirWave transport protection with climate certified film.
